

Guidelines for PerMedCoE grants

PerMedCoE grants are fixed-amount support grants (amount per day) to attend PerMedCoE training events. Please check the eligibility criteria, how to apply and the terms and conditions before applying.

We highly encourage applications from women and underrepresented groups.

Note: We recommend all grant applicants to actively pursue other sources of funding as the number of grants are limited and the process is highly competitive. Please carefully consider the eligibility criteria and the application instructions.

Eligibility criteria

To be eligible for a PerMedCoE grant:

- You must be a student or early career scientist from an academic institution.
- Your research or primary activity has to be within the PerMedCoE field of interest.
- You must meet the eligibility criteria for the training course that you are applying for.
- You must explain why you require the grant.
- You must not have received funding from PerMedCoE in the past 12 months.
- The maximum funding award is 120 EUR per day of the course/workshop.

If your institution is one of the [PerMedCoE partners](#), contact us as soon as possible.

The link below will help you understand how we select applicants to our training courses:

Applications

To apply for a PerMedCoE grant please:

- Complete the online course application form.
- During the application process you will be asked about how the course would benefit your research. Make sure that you explain why this course *specifically* would benefit you and your research.
- Make sure that the letter of support from a supervisor or a senior co-worker specifically addresses why you should be considered for the grant, in addition to explaining why you should be selected for this workshop.
- Send an email to Daniel Thomas López - euprojects@ebi.ac.uk - explaining why you should be considered for a grant.

Terms and conditions

If your application is successful:

- The grant can only be used for the PerMedCoE training event that you applied for.
- Applicants are still subject to the normal selection criteria for the event.
- The grant is a reimbursement after the event.
- To claim reimbursement, you must send the original receipts, a completed reimbursement form, course certificate of attendance and evidence of a completed feedback survey within 6 weeks of the event.
- You are required to write a blog post (300-400 words, including 1 photo) upon your return. Your report may be published on the PerMedCoE website and publicised via social media.
